Personal Care

- Our trained Personal Support Workers (PSWs) provide assistance that encompasses such care as grooming, dressing, bathing, transferring, bed care, and medication compliance.

- This service may be bundled with **Personal Care** and **Respite Care.**

Respite Care

- Our Personal Support Workers provide assistance to seniors and adults who may have a disability, who require support from a caregiver, so that the family caregiver may have free time away from or in the home.

- Often family members can be tied down and need to have a relief, so they can take the time to care for themselves. Respite Care provides caregivers the break that they need.

How it works

- A regular visiting schedule will be arranged, usually with the same worker coming at the agreed day and time each week.

- Clients communicate with our office staff to request changes to schedules or to make other inquiries.

- Wait times may vary depending on the needs of the client. **Please call us for more information.**

- **Our PSWs are available days an evenings**

How to start these services

- Please contact our office and a Community Care Manager will visit your home to conduct a ***FREE*** home assessment.

- With help from the client and the client's family we will develop a plan of care by discussing the individual needs of the client.

To request these services, call

416-743-3892 Ask for intake

Who can use these services

- Any Senior living in their home or apartment in the **Central and Northern Etobicoke areas including Malton, Woodbridge and Brampton.**
